safety considerations

General Safety Guidelines

- **safety glasses** to protect your eyes. Note that normal glasses, while usually made of impact-resistant plastic, will not afford sufficient protection from shrapnel or flying debris. **We Will Provide Safety Glasses.**
- **Always wear close-toed shoes** to protect your feet from heavy or sharp objects which might be dropped.
- **Avoid wearing loose-fitting clothing** which can become caught in moving parts of the robot or of whatever machinery you may need to use during the construction of the robot.
- **If you have long hair**, keep it tied back or under a hat to avoid it becoming caught in moving parts.
- **NO HORSEPLAY.**
